GitHub: github.com/adityakumarsingh01

Email: adityasingh81201@gmail.com
Mobile: +91-6201979044

SKILLS

• Languages:	Python, Java, C, C++, SQL
• Core CS:	Data Structures & Algorithms(DSA), Object-Oriented Programming (OOP)
• AI/ML:	Scikit-learn, PyTorch, Hugging Face Transformers, NLP, Gen AI, Gemini Live API
• Data Analysis & Visualization:	Pandas, NumPy, Matplotlib, Seaborn, Power BI, Excel
• Frameworks & Web Technologies:	FastAPI, Next.js, React, Tailwind CSS, Django, PyQt6, WebSockets
• Automation & Audio:	PyAutoGUI, sounddevice
• Databases & Tools:	MySQL, MongoDB, Git, GitHub, VS Code, Jupyter Notebook
• Big Data Technologies:	Hadoop, Hive, HBase, Spark, Sqoop
• Soft Skills:	Problem Solving, Adaptability, Analytical Thinking, Communication

PROJECTS

SAM Smart Adaptive Mentor - Real-Time AI Desktop Assistant GitHub Live Link	Jul' 26 – Sep' 26
- Engineered a real-time multimodal AI desktop assistant using Python, Google GenAI SDK, and Gemini Live API, enabling natural voice interaction with continuous audio/vision streaming and context-aware AI responses. - Integrated a WebSocket-based communication engine, PyQt6 HUD, and real-time audio pipeline with sounddevice, enabling low-latency interaction between the AI model and desktop interface. - Enabled AI-driven computer interaction through PyAutoGUI-based tool dispatch, combining voice conversation, visual understanding, and desktop automation into a cross-platform assistant for Windows, macOS, and Linux. Tech Stack: Python, Google GenAI SDK, Gemini Live API, PyQt6, WebSockets, PyAutoGUI, sounddevice	
InsightForge AI: AI-Powered End-to-End ML & Data Analytics Platform GitHub Live Link	Jul' 26 – Aug' 26
- Built an AI-powered Machine Learning platform to streamline end-to-end data science workflows, including dataset management, automated EDA, visualization, AutoML, forecasting, AI-assisted analytics, experiment tracking, and intelligent report generation. - Implemented a scalable full-stack solution using Next.js, FastAPI, TypeScript, and Python, with modular backend services for data profiling, visualization, model training, AI insights, forecasting, and automated PDF reporting. - Delivered 7+ integrated modules-Dashboard, Datasets, Analytics, AI Assistant, Forecasting, Reports, and Settings—through a responsive web application featuring interactive visualizations, AI-driven recommendations, experiment management, and exportable reports. Tech Stack: Next.js, React, TypeScript, Tailwind CSS, FastAPI, Python, Scikit-learn, Pandas, Recharts, ReportLab	

TRAINING

From Data to Decisions : A Hands-On Approach to Data Science LPU Certificate	Jun' 25 – Jul' 25
- Built interactive Power BI dashboards, including NYC 311 Noise Analysis and Adventure Works Sales Dashboard, using Excel, Power Query, and advanced data visualization techniques. - Executed data cleaning, exploratory data analysis (EDA), feature engineering, and basic machine learning on real-world datasets to uncover actionable business insights. - Mastered the complete data science lifecycle, from data collection and preprocessing to visualization, model development, and insight-driven decision-making.	

CERTIFICATES

• The Bits and Bytes of Computer Networking Coursera Certificate	Sep' 25
• Programming in Java IamNeo Certificate	May' 25
• Object Oriented Programming IamNeo Certificate	Dec' 24
• Data Structures and Algorithms IamNeo Certificate	Dec' 24

EDUCATION

• Lovely Professional University B.Tech. (Hons.) (CSE - Data Science and Data Engineering) CGPA : 6.49	Jalandhar, Punjab Aug' 23 – Present
• S.I Collage Intermediate (PCM) Percentage : 62.2	Banka, Bihar Apr' 20 – Mar' 23
• Ganga Global Public School Matriculation (SSC) Percentage : 54	Bhagalpur, Bihar Apr' 19 – Mar' 20
